MEMORANDUM

September 26, 2006

TO: **The Board of Trustees**

FROM: **John R. Ryan, Chancellor**

SUBJECT: **Appointment of Risa I. Palm as Provost and Vice Chancellor for Academic Affairs**

I recommend that the Board of Trustees adopt the following resolution:

> Resolved that Dr. Risa I. Palm be, and hereby is, appointed Provost and Vice Chancellor for Academic Affairs at an annual State salary of $300,000 effective October 1, 2006 and be granted a housing allowance in the sum of $5,000 per month.

Background

I recommend the appointment of Dr. Risa I. Palm as Provost and Vice Chancellor for Academic Affairs at the State University of New York effective October 1, 2006. Dr. Palm will succeed Dr. Peter Salins who has served in that post since 1996.

This recommendation is made following a national search conducted according to the same Trustee Guidelines used for the past eight years for presidential searches at the State University of New York. A search committee chaired by Dr. Lois B. DeFleur, President of the State University of New York at Binghamton was made up of four of our campus presidents, three campus academic officers, three faculty members and one student. The committee was aided in this search by Dr. Michael Baer of the firm of Isaacson Miller in Boston. The committee carefully reviewed the credentials of thirty-nine serious candidates and interviewed six candidates before recommending three for my consideration. Following the practice we use for presidential searches, I interviewed all three candidates recommended to me, and each candidate was also interviewed by members of my senior staff.

Dr. Palm currently serves as the Executive Vice Chancellor and Provost at Louisiana State University. From 1997–2003 she served as Dean of the College of Arts & Sciences at the University of North Carolina, Chapel Hill. Previous appointments include: Dean of the College of Arts and Sciences at the University of Oregon (1991-1997); Associate Vice Chancellor for Research and Dean of the Graduate School at the University of Colorado, Boulder (1987-1991); Associate Vice Chancellor for Academic Affairs at the University of Colorado, Boulder (1984–1987); and Associate Dean of the College of Arts and Sciences at the University of Colorado, Boulder (1981–1984). She is an accomplished academic administrator with relevant experience at a number of highly regarded public research universities.

Dr. Palm received both a B.A. degree in History, with a minor in French, and a B.S. degree in Social Studies Education from the University of Minnesota. She subsequently received an M.A. degree in Geography from the same institution. In 1972 she was awarded a Ph.D. in Geography from the University of Minnesota. From 1972 to 1981 she was a faculty member, beginning her career as an Assistant Professor at the University of California, Berkeley. Her administrative career began in 1981, but she continued to teach and do research as she rose through the administrative ranks. The totality of her experience as a faculty member, researcher and academic administrator fits perfectly with the job requirements of the post to which I am recommending her. A complete copy of her curriculum vitae is attached hereto.

The compensation package has been reviewed and approved by the Executive Personnel and Compensation Committee of the Board of Trustees. Dr. Palm has been granted a housing allowance in consideration of my requirement that she live in close proximity to the State University headquarters in Albany. She will be eligible for a study leave after a minimum five years of service in the post of Provost and Vice Chancellor for Academic Affairs as outlined in Trustees' Policy manual. All other components of her compensation package are those regularly awarded to Management/Confidential employees.

ATTACHMENT B
Cost Sharing Arrangements by Campus

At the outset, the four university research centers of the State University of New York will participate in the Organization of American States Scholarship Program. (SUNY will seek to add participating campuses as the cooperation between SUNY and OAS evolves and additional placement needs are identified.)

Cost-sharing arrangements will vary by campus in the following manner:

1. The **University at Albany** will provide Awardees with a half graduate assistantship, teaching assistantship or research assistantship as available and appropriate to the course of study of each individual during year two of their OAS support. These assistantships require ten hours of work per week and provide a 50% tuition* scholarship in addition to a stipend. The average value of the stipend is $6,000.

2. **Binghamton University** will provide students with full (100%) tuition* scholarships during the two years of their OAS support.

3. The **University at Buffalo** will provide students with full (100%) tuition* scholarships during year two of their OAS support.

4. **Stony Brook University** will provide students with partial (50%) tuition* scholarships during the two years of their OAS support.

* Tuition at the State University of New York is set by the University Board of Trustees in accordance with limits determined by the New York State Legislature. Current tuition amounts provided below are illustrative and do not constitute a guarantee of specific rates for Awardees.

Non-resident graduate annual tuition for Fall 2008: $10,920
