

**CONSULTATION TO INDUSTRY REGARDING IMEI RELIABILITY**

The 38 Meeting of Permanent Consultative Committee I: Telecommunications/Information and Communications Technologies (PCC.I),

**DECIDES:**

1. To reiterate the consultation with the industry on work done and progress made on the reliability of unique identifiers for mobile devices.
2. To request that industry members and standardization bodies answer the questionnaire in the Annex.
3. To instruct the CITEI Secretariat to convey this decision to industry members, associations, and standardization bodies.
4. To instruct the Rapporteur on conformance, fraud and illegal or irregular mobile terminal devices control to submit the results of the consultation at the 39 Meeting of the PCC.I.
