**RECOGNITION TO DR. JOSÉ COSTA FROM THE CANADIAN DELEGATION FOR HIS
LEADERSHIP IN CITEL**

The 43 Meeting of Permanent Consultative Committee II: Radiocommunication (PCC.II),

DECIDES:

To instruct the Executive Secretary to send a letter of appreciation to Dr. José Costa of Canada in recognition of his longstanding leadership in advancing the objectives of CITEL in the area of radiocommunications.

In his capacity as CITEL PCC.II IMT Coordinator and as Rapporteur for ITU-R Working Parties 5A and 5D, Dr. Costa worked tirelessly over many years to promote spectrum harmonization within the Americas for mobile services, both in the terrestrial working group and in the preparations towards numerous WRCs.

Dr. Costa was Vice-chair of the Sub-Working Group dealing with mobile issues during the WRC-23 cycle, agenda item rapporteur for various agenda items over many cycles, and faithfully represented CITEL PCC.II at numerous inter-regional workshops. Also, as CITEL spokesperson for WRC agenda items, he ensured that our Region's interests were well represented.

Dr. Costa led by example, capably, loyally and respectfully undertaking his work, never hesitating to roll up his sleeves to get the work done and to provide guidance to colleagues within the CITEL family. His work ethic in guiding and advancing the interests of the Americas was second to none. His contributions will be missed.
