

**PCC.II/DEC. 235 (XLIII-24)<sup>1</sup>**

**ASSESSMENT OF THE CURRENT AND PLANNED USE OF THE BAND 6 425 -7 125 MHz BY APPLICATIONS OF THE MOBILE SERVICE**

The 43 Meeting of Permanent Consultative Committee II: Radiocommunication (PCC.II),

**DECIDES:**

1) To invite CITEL member states and associate members to identify possible operational usage scenarios that could facilitate an assessment by administrations on the present or planned use by different applications of the mobile service (e.g. IMT and WAS/RLAN applications) in the 6 425-7 125 MHz frequency band, or portions of. The collection of results and assessments could be used to facilitate bilateral discussions with regards to cross-border coordination between concerned neighboring countries when deploying these types of applications.

2) To designate José Luis Hernández Lara ([jose.hernandezl@ift.org.mx](mailto:jose.hernandezl@ift.org.mx)) of the Administration of Mexico to compile the information referred to in decision clause (1) above so that this information can be submitted to the 44<sup>th</sup> meeting, but no later than the 45<sup>th</sup> meeting of Permanent Consultative Committee II.

To request the CITEL Secretariat to facilitate the electronic tools needed to facilitate the exchange of information for this activity.
