JUNE 2021

NO. 18

✿ Good job, Team! ✿

Dear Colleagues,

If you can believe it, we now find ourselves nearly in mid-June! Thanks to all of you who participated in our ITEN Poster Session 2021 on June 1 and/or 2. We were delighted to have had 55+ posters and multiple hundreds of attendees. If you missed out, you can still visit the platform [here](#).

To continue to support this work, please join our next **Community and Leadership Gathering** on **June 14 (English)** and **June 15 (Spanish)**. See details below!

Our next big public event is the **ITEN Virtual Seminar 2021** on **August 27 and 28** (bilingual programming both days). Last year, this event included about 20 presentations and workshops, 200 posters, and dozens of round table discussions. Across the platforms and social media, we documented the participation of more than 24,000 attendees. Different from the Poster Session, the Virtual Seminar will have spaces for formal webinar presentations. Expect more information about Project Team expectations and a public call for contributions by early July.

Keep up the great work!

**The ITEN Team**
