Directory of Caribbean Substance Use Prevention, Treatment, and Rehabilitation- Focused Institutions

Drug use is a complex social, multi-causal, dynamic, and heterogeneous issue that requires an interdisciplinary and intersectoral evidence-based public health approach. Demand reduction is a priority component necessary to a comprehensive and balanced approach as part of addressing the world drug problem.

The Executive Secretariat of the Inter-American Drug Abuse Control Commission (ES/CICAD) of the Organization of American States (OAS) is committed to assisting its member states in addressing the regional challenge caused by the drug problem that negatively affects the public health, security, human rights, environment, and well-being of all humanity. ES/CICAD's work is guided by the core principles and critical elements established by member states in the Hemispheric Drug Strategy and its accompanying Plan of Action. Within its established demand reduction measures, ES/CICAD is committed to supporting its member states to collect and analyze evidence to better identify needs and inform action.

In 2011, ES/CICAD conducted a regional mapping exercise aiming to identify key drug demand reduction stakeholder agencies working in drug use prevention, treatment, and rehabilitation in the OAS Caribbean member states. A directory of Caribbean Drug Prevention, Treatment, Rehabilitation, Gang, and Youth Violence-Focused Institutions was then compiled from the results of this agency mapping exercise conducted in close coordination with member states.

In 2020, this same exercise was conducted in 14 OAS English-, Dutch-, and French-speaking Caribbean member states. This Directory shares the results of this updated regional mapping of prevention, treatment, and rehabilitation institutions. This mapping exercise involved extensive data gathering with the invaluable support of National Point Persons in each member state. The Point Persons were directly appointed by the national authorities and are professionals from the national drug councils, government ministries, government organizations and non-governmental organizations.

Acknowledgements

The Directory of Caribbean Substance Use Prevention, Treatment, and Rehabilitation Focused-Institutions was prepared by the Demand Reduction Unit of the Inter-American Drug Abuse Control Commission, which is located within the Secretariat for Multidimensional Security (SMS) of the Organization of American States (OAS).

General Coordination

Jimena Kalawski, Demand Reduction Unit Chief, ES/CICAD

Isabella Araújo, Program Officer, ES/CICAD

Dr. Ken Gafield Douglas, Lead Project Consultant, ES/CICAD

The ES/CICAD would like to thank the national points of contact in OAS member states, without whom this initiative would not be possible.

The ES/CICAD gratefully acknowledges the invaluable contributions of the following individuals who also contributed to this mapping exercise: **Roberto Canay**, **Esther Best**, **Pernell Clarke** and **Tiffany Barry**.

Special thanks to the Government of the United States of America, through the Department of State's Bureau of International Narcotics and Law Enforcement Affairs (INL), for its support.

Design: **Sebastián Vicente M.**
